According to the report, the release was not contained. Further follow-up is needed.

Date: 8/16/2016 **Status:** Inspection

Author: Souder, Taylor

Updated Oil Volume:

Updated Salt Water Volume:

Updated Other Volume:

Updated Other Contaminant

Notes:

Location of spill is 47.117995 -103.400478. A poly-lined dike has been built that contains excavated dirt. There is an excavation hole right off of the road. It is about 2 feet deep. Electrical conductivity readings were not taken because soil was too dense. Location may be on U.S. Forest Service land. Further follow-up needed.
